Shasta County Environmental Health
1855 Placer Street, Suite 201
Redding, California 96001

Dear Ms. McEwen:

The California Environmental Protection Agency (Cal/EPA) and the Office of Emergency Services conducted a program evaluation of the Shasta County Environmental Health Certified Unified Program Agency (CUPA) on October 25, 2005. The evaluation consisted of a review of program elements and an in-office program review by State evaluators. The evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff. The Summary of Findings includes identified deficiencies, a list of preliminary corrective actions, program observations, program recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by Shasta County Environmental Health for the deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by Shasta County Environmental Health. Based on these corrections, Cal/EPA has modified Shasta County Environmental Health's rating on the evaluation from satisfactory with some improvement needed to meets program performance standards.
